NEW YORK Oct 20 -Charles F. Murphy, leader of Tammany, demanded today a grand jury investigation of charges alleged to have been made by John Pur-Mitchel, fusionist candidate for mayor., to the effect that the democratic organization leaders were colonizing for voters for use on election day. A letter from Mr. Murphy demanding such an investigation was placed before the grand jury by Judge Malone of the court of general sessions.

'I request that you submit to the grand jury now sitting, this matter," says the letter, "so that prompt action may be taken to investigate the charges made by Mr. Miterial and if they are substantiated, to prosecute the offenders to the full extent of the law.

Charges of this sort recur in each suceeding campaign, but heretofore they have been made anonymously, and it seems to me desirable that they should be investigated, that the truth may be known. I enclose herewith a clipping quoting Mr. Mitchel, and I place myself entirely at the disposal of yourself and the grand jury to answer any charges Mr. Mitchel may make."

"It need not be said by the court. gentlemen, that the subject matter of this letter is important," Caid Judge Maone to the grand jury. "If the report referred to in this communication be acurate, then a specific charge has been made by a specific person against another of a serious offense against a law. The court directs you to take up at once this grave public matter. It is worthy your intelligent and conscientious

Tom Watson is on Trial for Alleged Misuse of Mails

AUGUSTA, Ga., Oct. 20.-Thomas E. Watson, lawyer, publicist and one time presidential candidate of the People's party, today was placed on trial in the United States district court here on a charge of sending obscene matter through the mails. The specific charge against Watson is that he published in July, 1911, and April and May of 1912. Discouraged When Forsaken by certain alleged questions which he claimed were asked by Roman Catholic priests to persons in confessional, which questions the indictment alleges were ob-

These questions appeared in a series of articles attacking the Roman Catholic church and especially the priesthood. It is the plan of the defense to conduct its fight on the ground that the articles published in Watson's magazine were written by Watson as editor, and that his conviction on the charges as set out in the indictment would be in violation of the privileges for freedom of the press, as guaranteed by the constitution of the United States.

United States Attorney Ackerman says no church officials had been summoned to testify for the state and it was said no witnesses will be introduced by the defense.

After hearing a long argument by Waton's attorneys on motion to quash the ndictment, the court reserved decision and adjourned until tomorrow

New York Business Men Offer Changes in Currency Bill

NEW YORK, Oct. 20.-The New York Chamber of Commerce today adopted a resolution approving in the main the curency act now before congress, but suggesting sevesal amendments. One was the reduction of the number of federal reserve banks to not exceed four, with power to operate branches in their own districts.

Another suggested that membership in notes be retired as promptly as possible by the purchase by the government at par of outstanding 2 per cent bonds or by some equitable arrangement by which the federal reserve banks would take over the bonds from the national banks.

The fourth amendment proposed that no more than five members of the federal reserve board should be appointed by the president; the fifth that the federal reserve notes be issued by the federal reserve banks without guarantee by

NEW YORK, Oct. 20,-Mrs. Emmeline Pankhurst left Ellis Island and came to New York this afternoon. A motor car of Mrs. O. H. P. The management of Madison Square Garden announced that in deference to Mrs. Pankhurst's desire to get a good rest, the mass meeting she was to have

addressed tonight had been postponed

until Wednesday night. WASHINGTON, Oct. 20.-Mrs. Emmeline Pankhurst, the militant British sufragist, is free to enter the United States. The Kills Island board's order of deportation was reversed today after President Wilson had conferred on the case with Secretary Wilson and a hearing had been concluded before Immigration Commissioner Camenetti;

Secretary Wilson announced at the onclusion of his conseserence with the president that Mrs. Pankhurst would be admitted on her own recognizance. with the understanding that she would depart at the end of her lecture engagements. No bond was exacted. Secretary Wilson declared that he and the president had discussed the question

briefly. "We agreed," he said, "that Mrs. Pank burst should be admitted on her own recognizance. My own reason is, and the president feels likewise, that there is naturally an element of doubt as to whether her acts constituted moral turpi-

leaved the formal order of release. President Wilson felt that the law had a flexible interpretation, so that it was largely a question of policy. Com accordance with the views of President Wilson and the secretary of labor, Mr. Caminetti filed a brief memorandum recommending Mrs. Pankhurst's admission on her own recognizance and ansounced that he would later file his res-

sons in writing. There was no demonstration at the immigration bureau when the deci was announced. The audience of won which had sat through the hearing, had departed. Mrs. Pankhurst's lawyers received the verdict with broad smiles and announced they would leave at once for New York.

At the headquarters of the National Woman Suffrage association the news was received joyously, but all the officers said they expected nothing class. Supporters of the suffrage movement in congress received the announcement without making formal statements.

Arguments Are Besumed. Immigration Commissioner Caminetti hurst's case today to decide whether the militant British suffragette should be admitted to the United States or deported
